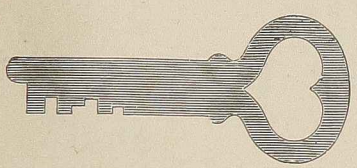
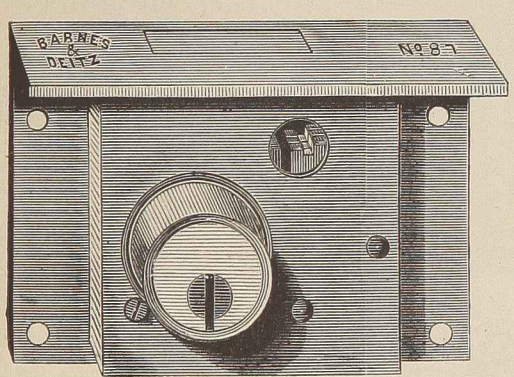
SPEAR BROTHERS, 21 South Charles St., Baltimore.

MANUFACTORY, - - - WILLIAMSBURGH, N. Y.

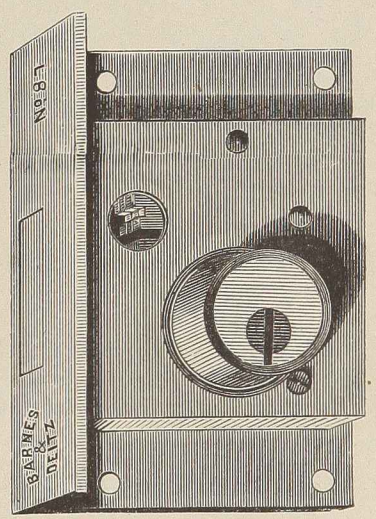
FLAT STEEL KEY

Cast Brass Cylinder Drawer Locks.





Arranged as a Drawer Lock.



Arranged as a Cupboard Lock.

No. 87.

These Locks are well made; Have all Brass Inside Works, with Flat Lever Springs; Are fine Tumblered, closely racked and false notched; Have great variety of keys and are very safe. They can be used as well for both *Drawers* and *Cupboards*, as shown in above cuts, by the key being inserted or withdrawn with the Lock in those *two positions*, and those only.

SIZE $2\frac{1}{4}$ x $1\frac{3}{4}$ INCHES.

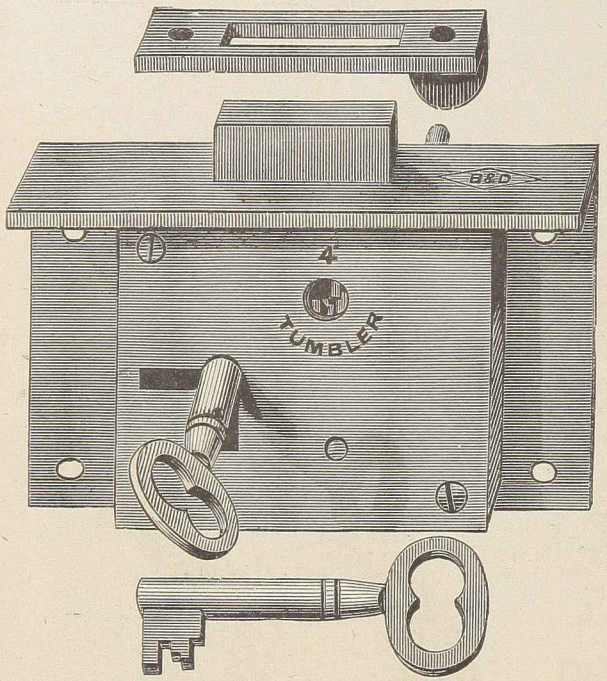
No. 87, with two Polished Flat Steel Keys each, - - - $11.25 per dozen.

(For prices of Keys and Blanks see page 201.)

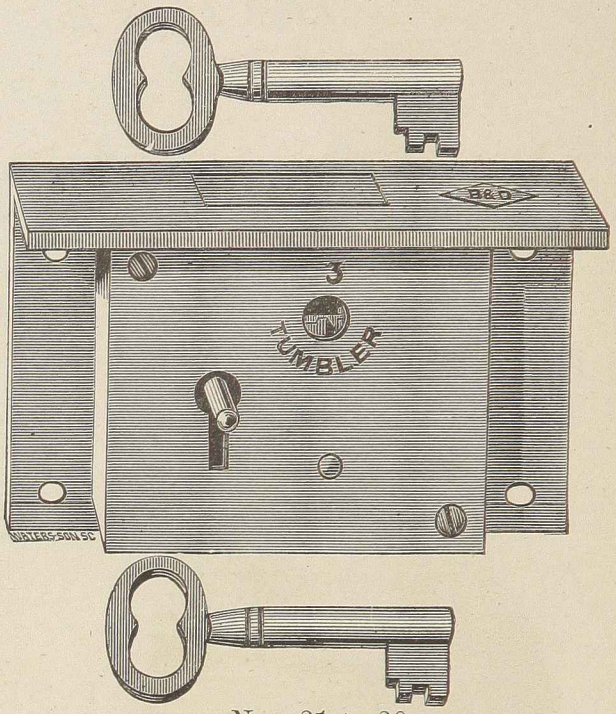
Discount, *per cent.*

IMPROVED ROUND KEY

Heavy Cast Brass Drawer Locks.



Nos. 22 to 29.



Nos. 31 to 39.

These Locks are very finely finished; Have all Brass Inside Works; Tumblers closely racked, false notched and with Flat Lever Springs; Fine Composition Keys with great variety of changes—are the safest and finest goods in market, superior in every respect.

SIZE $2\frac{3}{4}$ x 2 INCHES.

SELF-LOCKING DRAWER LOCKS.

SINGLE KEY-HOLE.

No. 22,—3 Tumblers,	2 Keys each,	- - - - - -	$16.00	per dozen.
" 23,—4 "	2 " "	- - - - - -	18.00	"
" 24,—5 "	2 " "	- - - - - -	20.00	"

DOUBLE KEY-HOLE.

Suitable for either drawers or cupboards.

No. 27,—3 Tumblers,	2 Keys each,	- - - - - -	$16.00	per dozen.
" 28,—4 "	2 " "	- - - - - -	18.00	"
" 29,—5 "	2 " "	- - - - - -	20.00	"

These Locks are constructed on a new principle, and will be found unequalled in workmanship, efficiency and durability. The Key is required only to unlock it and afterwards can be put in the pocket, out of the way of watch chains and stray fingers. The Lock is not a Latch Lock, but forms a complete DEAD BOLT the instant the drawer is closed, and is secured much quicker than other Locks can be by the Key. It is impossible to leave the drawer unlocked when closed, as is often done with ordinary Locks.

PLAIN DRAWER LOCKS.

SINGLE KEY-HOLE.

No. 31,—3 Tumblers,	1 Key each,	- - - - - -	$12.00	per dozen.
" 32,—3 "	2 Keys each,	- - - - - -	13.50	"
" 33,—4 "	2 " "	- - - - - -	15.50	"
" 34,—5 "	2 " "	- - - - - -	17.50	"

DOUBLE KEY-HOLE.

Suitable for either drawers or cupboards.

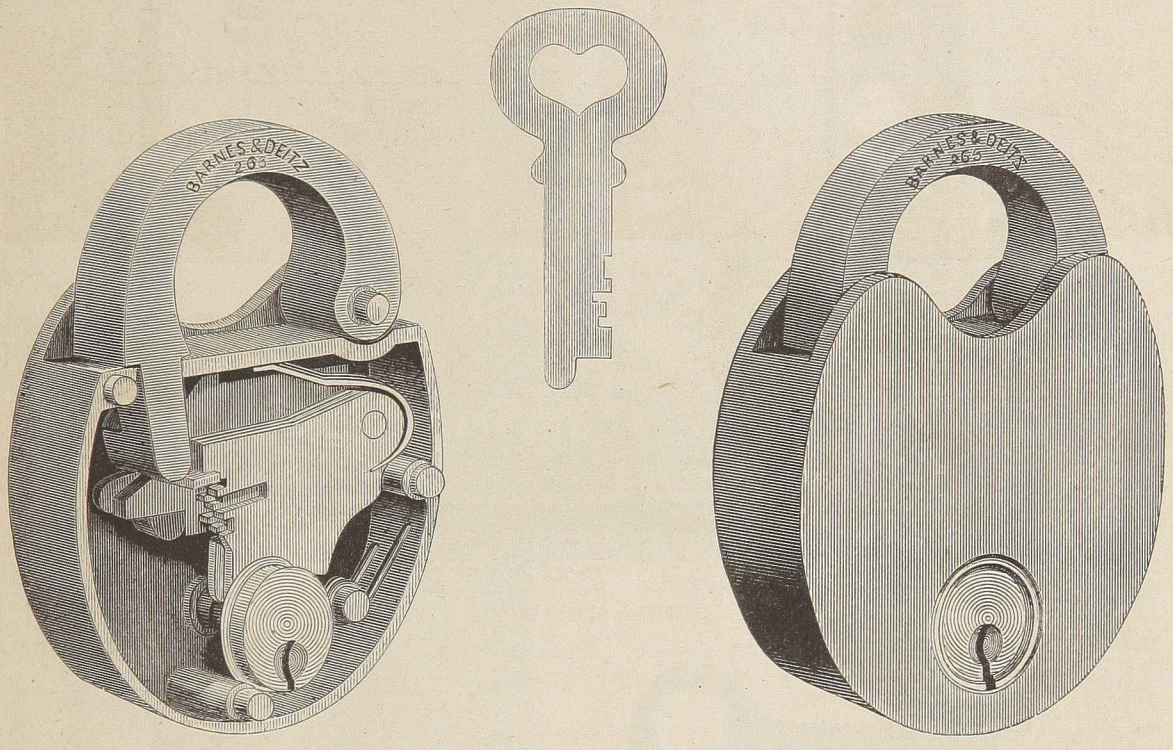
No. 36,—3 Tumblers,	1 Key each,	- - - - - -	$12.00	per dozen.
" 37,—3 "	2 Keys each,	- - - - - -	13.50	"
" 38,—4 "	2 " "	- - - - - -	15.50	"
" 39,—5 "	2 " "	- - - - - -	17.50	"

Any of the above Two-Keyed Locks furnished to order with only one Key each, less $1.50 List per dozen.
The double Key-hole Locks are preferable, being ready at hand for either drawers or cupboards.

(For Prices of Keys and Blanks see page 201.)

Discount, *per cent.*

Cast Brass Spring Padlocks.



No. 265.

Heavy Composition Case; All Brass Inside Works; Solid Shackle Pin; Tumblers closely racked, false notched and with Flat Lever Springs; Polished Keys, with great variety of changes; Cannot be opened by rapping; All well made and finely finished; Extra safe, and very superior goods.

2¼ Inches, Full Size.

No. 265, with two Polished Flat Steel Keys each, - - - - $16.80 per dozen.
No. 266, with two Polished Flat Steel Keys each, and Tinned Iron Chain, - - - - - - - - - - 19.20 "

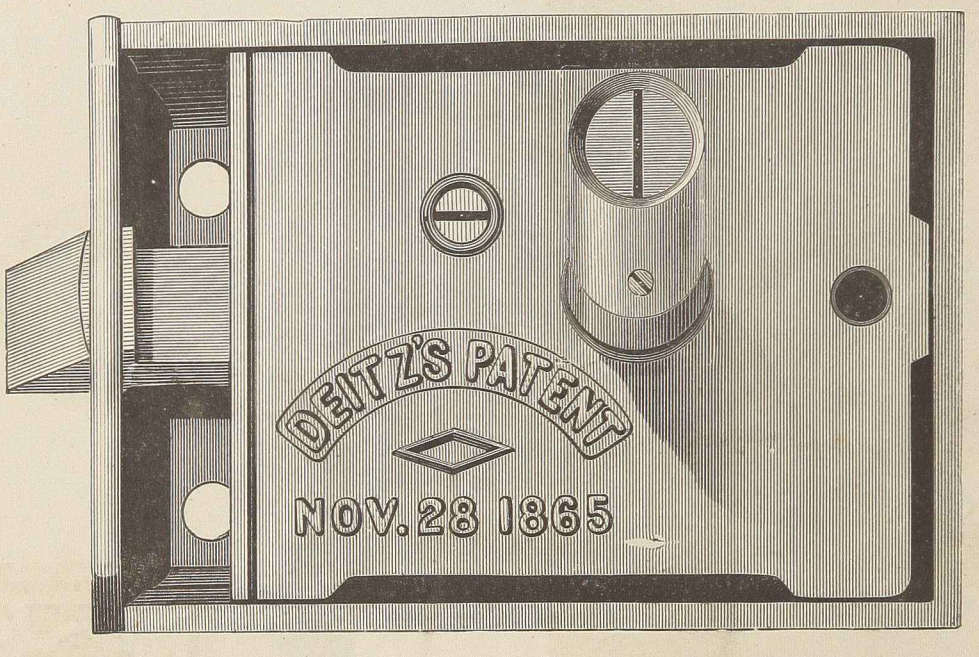
Regular Locks are put up one-half dozen in a box, and Chain Locks one-fourth dozen.

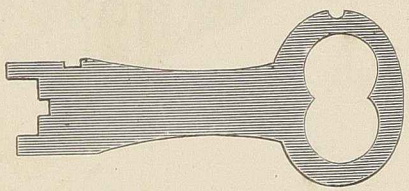
(For prices of Keys and Blanks see page 201.)

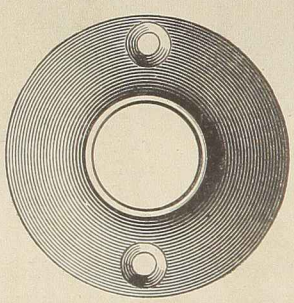
Discount, *per cent.*

PATENT

Tubular Rim Night Latches.







No. 105.

Heavy Japanned Iron Case, with Brass Slide and Stop Knobs; Japanned Escutcheon; Two Flat Steel Keys, with variety of changes; Two Steel double or divided Tumblers, with false rings; All fine finished and very safe.

$1\frac{1}{4}$, $1\frac{1}{2}$, $1\frac{3}{4}$, 2, $2\frac{1}{2}$ inch Tubes, plain or reverse bevel, - - -	$18.00 per dozen.
With Fine Plated Escutcheons, - - - - - - - -	20.50 "

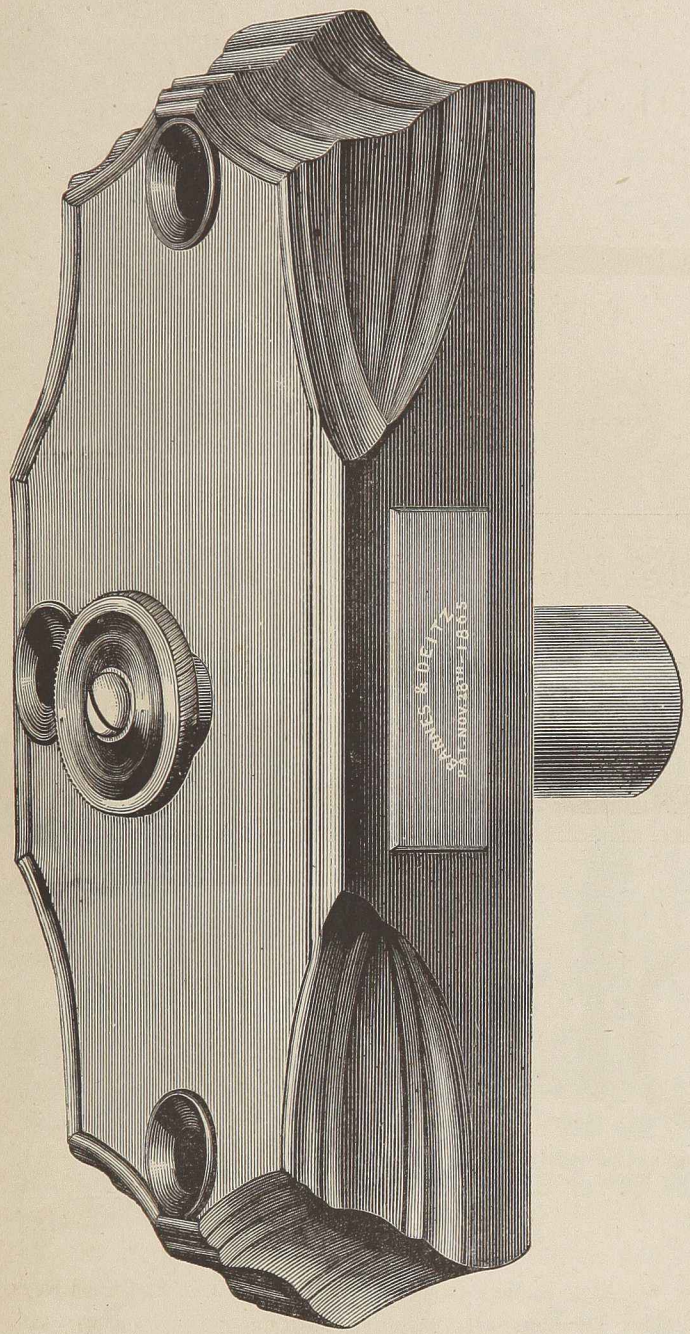
Are put up one-sixth dozen, any one size in a box. All Latches packed complete with Screws.

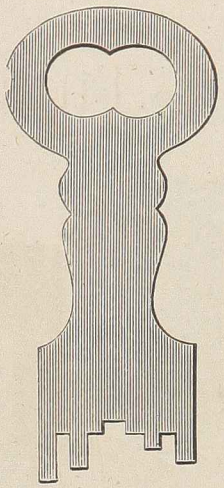
(For prices of Keys and Blanks see page 201.)

Discount, *per cent.*

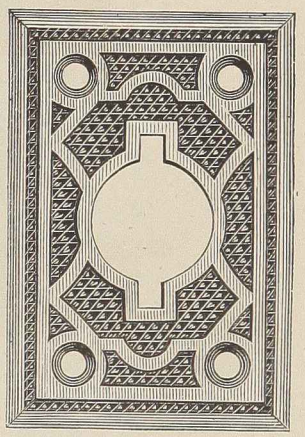
FLAT STEEL KEY PATENT

Tubular Store Door Dead Locks.





Three Steel Keys packed with each Lock.



New Pattern Plated Escutcheon.

No. 175. Size, 6¼ x 3 Inches.

Heavy Japanned Iron Case; Brass Knob, Bolt and Tube; Plated Escutcheon; Three Flat Steel Keys with *innumerable changes;* Four Steel double or divided Tumblers with false rings; All finely and substantially finished and *positively extra safe.* Inside Works are all Brass, Wrought Iron or Steel.

1½, 2, 2½, 3, 3½ inch Tubes, with New Pattern Plated Escutcheons, $56.00 per dozen.

Furnished to order, with pure Bronze Escutcheons, at same price.

Any intermediate thickness of a door is best fitted by a Lock with Tube next size *shorter* than such thickness, which answers full as well, some even preferring the Tube one-half inch shorter than thickness of the door. 2 and 2½ inch Tubes are the leading sizes.

By slightly withdrawing and then turning the *Brass Knob* on the above Lock, it will throw the Bolt either backward or forward independent of the Key, thus dispensing with the use of the Key on the inside of the door.

These Locks are all packed one in a box, and complete with Screws.

(For prices of Keys and Blanks see page 201.)

Discount *per cent.*

Description of Key Blanks.

Flat Steel Key Blanks fit only our own goods.

No. 037 Round Composition Key Blanks are what we make up regularly with Drawer Locks Nos. 22 to 39.

Nos. 036, 038, 039 Round Composition Key Blanks differ from 037 only in length of pipe, any of which will be made up with the Drawer Locks Nos. 22 to 39, when so ordered.

No. 035 Round Composition Key Blanks have same size drill pin-holes as those in the same row, but smaller in the bit.

Nos. 042, 043, 044, 045 Round Composition Key Blanks have larger drill pin-holes, and are larger in every respect than those arranged above them, but differ from each other only in length of pipe.

All of the Blank Key cuts are exact as to size and shape.

Our Drill Pin Composition Key Blanks are made from pure Copper and Tin (the best kind of Key Metal), are accurately turned, drilled and drifted, and nicely finished up, by machinery and tools we have adapted especially to it; and Locksmiths and others who fit Keys or require Blanks for new work will find them a most superior article for such purposes, as well as very reasonable in price.

The trade will find it a great convenience to themselves and their customers, if, in addition to regular stock of Drawer Locks and Padlocks, they would also order a few put up in half or one dozen lots, *Keys all to pass*, which are furnished without extra charge.
